1. FCA authorized off-site hours for 1900-55, invoices, and ordering services/supplies. Please provide 1900-55 electronically to OSC for review when off-site. 1900-55 can be compiled in date ranges when verbally authorized by OSC.
2. T&D Coordinator authorized Off-Site hours to finalize T&D Award and support T&D shipments.
3. Excavate any additional sampling test pits as requested by HP, continue excavation of identified sections of Area 5 as per OSC/HP direction, load material in super sacks/ store in Conex Boxes adjacent to Area 5 or consolidate in specific non-containerized staging areas in preparation for load out (DBA Rates).
4. Once gamma survey is complete, begin excavation of clay layer and ridge area of Area 5 as per OSC instructions.
5. Work with OSC and Weston to determine next steps with GNBC Office Area concrete support rebuild.
6. Continue organizing GNBC Office area cubic yard boxes for disposal. Record weights and place each truck load in separate Conex Box.
7. Finish putting cold patch asphalt in holes around parking lot.
8. Individual crew members may work different positions within a work day depending on need (For example an operator could work as a carpenter one day).

OSC needs to be notified when off-site hours worked & for what specific task. **Extended work hours authorized as needed by the OSC and will be listed in next DWO.**

I certify that the above work is ordered and authorized by the contractor in the performance of the above cited delivery order.

I acknowledge receipt of this work order
